

PROFESSIONAL SUMMARY

Detail-oriented pharmaceutical and clinical research professional with a Doctor of Pharmacy (PharmD) and MSc in Pharmaceutical Business & Technology, offering hands-on experience in GMP-regulated manufacturing, laboratory documentation, analytical data interpretation, clinical data validation, and quality compliance. Experienced in maintaining accurate documentation, interpreting laboratory and patient data, and supporting regulated pharmaceutical environments through strict adherence to SOPs, GMP, GCP, and quality systems.

PHARMACEUTICAL LABORATORY

- GMP Laboratory Operations
- Sample Preparation
- Pharmaceutical Analysis
- Laboratory Documentation
- Laboratory Safety
- Analytical Chemistry
- Wet Laboratory Techniques
- Instrument Calibration Awareness
- Solution Preparation
- Laboratory Calculations

ANALYTICAL TECHNIQUES

- HPLC (Academic Exposure)
- UV-Visible Spectroscopy
- pH Measurement
- Pharmaceutical Assays
- Dissolution Testing
- Analytical Method Understanding
- Data Interpretation
- Quality Testing

QUALITY & COMPLIANCE

- GMP
- GCP
- GDP Documentation
- SOP Compliance
- CAPA Awareness
- Root Cause Analysis
- Audit Readiness
- Data Integrity
- Quality Systems
- Regulatory Compliance

PROFESSIONAL EXPERIENCE

West Pharmaceutical Services - Dublin, Ireland | December 2025 - Present

Production Operator

- Operate pharmaceutical manufacturing processes in accordance with GMP standards, SOPs, and quality requirements.
- Maintain complete production documentation, ensuring traceability, data integrity, and audit readiness.
- Support batch record completion with high accuracy while complying with internal quality systems.
- Collaborate with Quality Assurance and Operations teams during deviation investigations and CAPA activities.
- Verify production materials, equipment readiness, and documentation before manufacturing activities.
- Contribute to maintaining safe laboratory and production environments through strict adherence to GMP safety standards.
- Support continuous improvement initiatives that enhance operational efficiency while maintaining compliance.

InisCare - Dublin, Ireland | November 2024 - December 2025

Healthcare Assistant

- Maintained accurate electronic healthcare documentation while ensuring GDPR compliance.
- Supported multidisciplinary healthcare teams through accurate communication of patient information.
- Recorded clinical observations and maintained high-quality patient documentation.
- Demonstrated strong organizational skills while managing multiple responsibilities in a fast-paced healthcare environment.

ConcertAI - Bangalore, India | January 2024 - July 2024

Analyst - Clinical Data Abstractor

- Reviewed and validated electronic health records and clinical datasets for accuracy, completeness, and consistency.
- Extracted laboratory values, medication records, adverse events, and diagnostic information from patient records.
- Performed detailed clinical data review supporting research-quality datasets.
- Applied Good Clinical Practice principles throughout documentation and data validation activities.
- Collaborated with clinical and technical teams to improve data quality and workflow efficiency.

PSG Hospitals - Coimbatore, India | December 2022 - December 2023

Clinical Associate

- Reviewed laboratory investigations and clinical reports to support evidence-based patient care.
- Maintained accurate electronic patient documentation while ensuring regulatory compliance.
- Assisted clinicians in interpreting laboratory findings and medication-related information.
- Supported medication reconciliation, discharge documentation, and clinical record accuracy.
- Collaborated with physicians, pharmacists, nurses, and allied healthcare professionals to ensure effective patient management.
- Maintained patient confidentiality and documentation standards in accordance with healthcare regulations.

EDUCATION

MSc - Pharmaceutical Business & Technology | 2024 - 2025

Innopharma Education & Griffith College | Dublin, Ireland

Doctor of Pharmacy (PharmD) | 2017 - 2023

PSG College of Pharmacy | India

RESEARCH PROJECTS

Pharmacoeconomic Evaluation of Erythropoietin Alfa versus Darbepoetin Alfa in Chronic Kidney Disease

Doctor of Pharmacy Dissertation

- Conducted observational prospective research utilizing electronic health records.
- Performed comparative evaluation of therapeutic outcomes and treatment costs.
- Applied statistical interpretation to support evidence-based pharmaceutical decision making.

Pharma 4.0 Operational Excellence

MSc Dissertation

- Investigated barriers and enablers affecting pharmaceutical manufacturing performance.
- Evaluated quality systems, operational excellence, and digital transformation strategies.
- Conducted quantitative analysis supporting continuous improvement initiatives within pharmaceutical manufacturing.

CERTIFICATIONS

- | | |
|---|---|
| • Good Clinical Practice (CITI Program) | • Lean Six Sigma White Belt |
| • NIH-NIDA Good Clinical Practice | • Basic Life Support (American Heart Association) |
| • Quality Assurance & GMP | • ADR Reporting using Vigiflow |

ACHIEVEMENTS

- Best Outgoing Student - Leadership Qualities (2022)
- Rajyapuraskar Awardee
- Best Poster Presentation - National Conference on Pharmacovigilance (2022)
- Volunteer Leader - Foróige Dublin
- Volunteer - Voice from Heart NGO

ADDITIONAL INFORMATION

- Stamp 1G Visa
- Fully Eligible to Work in Ireland
- Immediate Availability
